

Foil Labels

The most elegant, top-of-the-line foil labels available are produced by transferring metallic foil onto the label. Ordinarily labels with foil must be ordered several weeks in advance, but our foil labels are produced quickly.

Foil/Ink Combination Labels

Whether your design is in full process colour (see page 24 for pricing) or traditional spot colour, combination printed labels are the best way to add shelf appeal to your most complex label design. Adding the distinctive look of foil to your label is sure to enhance the visual impact of your product.

Embossed Labels

Raise your printing to the next level with embossing. Whether you choose blind embossing or embossed foil labels, this special effect will give your product or promotion the upscale look it deserves.

Foil Imprint Labels

White and yellow foil imprint is an inexpensive alternative to screen printing. You can print white or yellow foil on Clear Polypropylene for an opaque imprint.
